Children undergo huge brain development and growth in the first two years of life. The brain development of infants (as well as their social, emotional, and cognitive development) depends on a loving bond or attachment relationship with a parent and their childcare provider, with this in mind and our financial commitment the following document must be completed.

Name of Child: _____
Childs Birthdate: _____
Date: _____

When your child reaches 2.5-3 years old and is moving into our Group Room (30 months to school age) this how the process works.

If the above named child started their care within our Infant Toddler Program (12 months to 2.5 years) we accept the financial burden of saving an empty spot without payment within our Group Program while your child becomes of age to move into the Group 3-5 program, because of this financial loss and commitment of saving a spot we require the above named child stays within our centre until June 30th of the year they turn 5 years old, unless parents are no longer working, are on maternity leave or move out of Ladner (proof may be required) This will be considered binding.

If there is a breach of contract the fees lost by the provider for holding a spot open will be due immediately including unclaimed CCFRI, if payment is late, it will be sent to collections (Government funding cannot be collected while holding a spot therefore full program fees would be due for the months the spot was held)
